172 Children's Online Privacy Protection Act (15 U.S.C. § 6501 et seq.) shall be deemed compliant with any
173 obligation to obtain parental consent under this chapter.

174 **§ 59.1-573. Personal data rights; consumers.**

175 A. A consumer may invoke the consumer rights authorized pursuant to this subsection at any time by
176 submitting a request to a controller specifying the consumer rights the consumer wishes to invoke. A
177 known child's parent or legal guardian may invoke such consumer rights on behalf of the child
178 regarding processing personal data belonging to the known child. A controller shall comply with an
179 authenticated consumer request to exercise the right:

180 1. To confirm whether or not a controller is processing the consumer's personal data and to access
181 such personal data;

182 2. To correct inaccuracies in the consumer's personal data, taking into account the nature of the

183 *personal data and the purposes of the processing of the consumer's personal data;*

184 *3. To delete personal data provided by or obtained about the consumer;*

185 *4. To obtain a copy of the consumer's personal data that the consumer previously provided to the*
186 *controller in a portable and, to the extent technically feasible, readily usable format that allows the*
187 *consumer to transmit the data to another controller without hindrance, where the processing is carried*
188 *out by automated means; and*

189 *5. To opt out of the processing of the personal data for purposes of (i) targeted advertising, (ii) the*
190 *sale of personal data, or (iii) profiling in furtherance of decisions that produce legal or similarly*
191 *significant effects concerning the consumer.*

192 *B. Except as otherwise provided in this chapter, a controller shall comply with a request by a*
193 *consumer to exercise the consumer rights authorized pursuant to subsection A as follows:*

194 *1. A controller shall respond to the consumer without undue delay, but in all cases within 45 days of*
195 *receipt of the request submitted pursuant to the methods described in § 59.1-573 A. The response period*
196 *may be extended once by 45 additional days when reasonably necessary, taking into account the*
197 *complexity and number of the consumer's requests, so long as the controller informs the consumer of*
198 *any such extension within the initial 45-day response period, together with the reason for the extension.*

199 *2. If a controller declines to take action regarding the consumer's request, the controller shall inform*
200 *the consumer without undue delay, but in all cases and at the latest within 45 days of receipt of the*
201 *request, of the justification for declining to take action and instructions for how to appeal the decision*
202 *pursuant to subsection C.*

203 *3. Information provided in response to a consumer request shall be provided by a controller free of*
204 *charge, up to twice annually per consumer. If requests from a consumer are manifestly unfounded,*
205 *excessive, or repetitive, the controller may charge the consumer a reasonable fee to cover the*
206 *administrative costs of complying with the request or decline to act on the request. The controller bears*
207 *the burden of demonstrating the manifestly unfounded, excessive, or repetitive nature of the request.*

208 *4. If a controller is unable to authenticate the request using commercially reasonable efforts, the*
209 *controller shall not be required to comply with a request to initiate an action under subsection A and*
210 *may request that the consumer provide additional information reasonably necessary to authenticate the*
211 *consumer and the consumer's request.*

212 *C. A controller shall establish a process for a consumer to appeal the controller's refusal to take*
213 *action on a request within a reasonable period of time after the consumer's receipt of the decision*
214 *pursuant to subdivision B 2. The appeal process shall be conspicuously available and similar to the*
215 *process for submitting requests to initiate action pursuant to subsection A. Within 60 days of receipt of*
216 *an appeal, a controller shall inform the consumer in writing of any action taken or not taken in*
217 *response to the appeal, including a written explanation of the reasons for the decisions. If the appeal is*
218 *denied, the controller shall also provide the consumer with an online mechanism, if available, or other*
219 *method through which the consumer may contact the Attorney General to submit a complaint.*

220 **§ 59.1-574. Data controller responsibilities; transparency.**

221 *A. A controller shall:*

222 *1. Limit the collection of personal data to what is adequate, relevant, and reasonably necessary in*
223 *relation to the purposes for which such data is processed, as disclosed to the consumer;*

224 *2. Except as otherwise provided in this chapter, not process personal data for purposes that are*
225 *neither reasonably necessary to nor compatible with the disclosed purposes for which such personal*
226 *data is processed, as disclosed to the consumer, unless the controller obtains the consumer's consent;*

227 *3. Establish, implement, and maintain reasonable administrative, technical, and physical data*
228 *security practices to protect the confidentiality, integrity, and accessibility of personal data. Such data*
229 *security practices shall be appropriate to the volume and nature of the personal data at issue;*

230 *4. Not process personal data in violation of state and federal laws that prohibit unlawful*
231 *discrimination against consumers. A controller shall not discriminate against a consumer for exercising*
232 *any of the consumer rights contained in this chapter, including denying goods or services, charging*
233 *different prices or rates for goods or services, or providing a different level of quality of goods and*
234 *services to the consumer. However, nothing in this subdivision shall be construed to require a controller*
235 *to provide a product or service that requires the personal data of a consumer that the controller does*
236 *not collect or maintain or to prohibit a controller from offering a different price, rate, level, quality, or*
237 *selection of goods or services to a consumer, including offering goods or services for no fee, if the*
238 *consumer has exercised his right to opt out pursuant to § 59.1-573 or the offer is related to a*
239 *consumer's voluntary participation in a bona fide loyalty, rewards, premium features, discounts, or club*
240 *card program; and*

241 *5. Not process sensitive data concerning a consumer without obtaining the consumer's consent, or, in*
242 *the case of the processing of sensitive data concerning a known child, without processing such data in*
243 *accordance with the federal Children's Online Privacy Protection Act (15 U.S.C. § 6501 et seq.).*

244 *B. Any provision of a contract or agreement of any kind that purports to waive or limit in any way*

245 consumer rights pursuant to § 59.1-573 shall be deemed contrary to public policy and shall be void and
246 unenforceable.

247 C. Controllers shall provide consumers with a reasonably accessible, clear, and meaningful privacy
248 notice that includes:

249 1. The categories of personal data processed by the controller;

250 2. The purpose for processing personal data;

251 3. How consumers may exercise their consumer rights pursuant to § 59.1-573, including how a
252 consumer may appeal a controller's decision with regard to the consumer's request;

253 4. The categories of personal data that the controller shares with third parties, if any; and

254 5. The categories of third parties, if any, with whom the controller shares personal data.

255 D. If a controller sells personal data to third parties or processes personal data for targeted
256 advertising, the controller shall clearly and conspicuously disclose such processing, as well as the
257 manner in which a consumer may exercise the right to opt out of such processing.

258 E. A controller shall establish, and shall describe in a privacy notice, one or more secure and
259 reliable means for consumers to submit a request to exercise their consumer rights under this chapter.
260 Such means shall take into account the ways in which consumers normally interact with the controller,
261 the need for secure and reliable communication of such requests, and the ability of the controller to
262 authenticate the identity of the consumer making the request. Controllers shall not require a consumer
263 to create a new account in order to exercise consumer rights pursuant to § 59.1-573 but may require a
264 consumer to use an existing account.

265 **§ 59.1-575. Responsibility according to role; controller and processor.**

266 A. A processor shall adhere to the instructions of a controller and shall assist the controller in
267 meeting its obligations under this chapter. Such assistance shall include:

268 1. Taking into account the nature of processing and the information available to the processor, by
269 appropriate technical and organizational measures, insofar as this is reasonably practicable, to fulfill
270 the controller's obligation to respond to consumer rights requests pursuant to § 59.1-573.

271 2. Taking into account the nature of processing and the information available to the processor, by
272 assisting the controller in meeting the controller's obligations in relation to the security of processing
273 the personal data and in relation to the notification of a breach of security of the system of the
274 processor pursuant to § 18.2-186.6 in order to meet the controller's obligations.

275 3. Providing necessary information to enable the controller to conduct and document data protection
276 assessments pursuant to § 59.1-576.

277 B. A contract between a controller and a processor shall govern the processor's data processing
278 procedures with respect to processing performed on behalf of the controller. The contract shall be
279 binding and clearly set forth instructions for processing data, the nature and purpose of processing, the
280 type of data subject to processing, the duration of processing, and the rights and obligations of both
281 parties. The contract shall also include requirements that the processor shall:

282 1. Ensure that each person processing personal data is subject to a duty of confidentiality with
283 respect to the data;

284 2. At the controller's direction, delete or return all personal data to the controller as requested at
285 the end of the provision of services, unless retention of the personal data is required by law;

286 3. Upon the reasonable request of the controller, make available to the controller all information in
287 its possession necessary to demonstrate the processor's compliance with the obligations in this chapter;

288 4. Allow, and cooperate with, reasonable assessments by the controller or the controller's designated
289 assessor; alternatively, the processor may arrange for a qualified and independent assessor to conduct
290 an assessment of the processor's policies and technical and organizational measures in support of the
291 obligations under this chapter using an appropriate and accepted control standard or framework and
292 assessment procedure for such assessments. The processor shall provide a report of such assessment to
293 the controller upon request; and

294 5. Engage any subcontractor pursuant to a written contract in accordance with subsection C that
295 requires the subcontractor to meet the obligations of the processor with respect to the personal data.

296 C. Nothing in this section shall be construed to relieve a controller or a processor from the
297 liabilities imposed on it by virtue of its role in the processing relationship as defined by this chapter.

298 D. Determining whether a person is acting as a controller or processor with respect to a specific
299 processing of data is a fact-based determination that depends upon the context in which personal data is
300 to be processed. A processor that continues to adhere to a controller's instructions with respect to a
301 specific processing of personal data remains a processor.

302 **§ 59.1-576. Data protection assessments.**

303 A. A controller shall conduct and document a data protection assessment of each of the following
304 processing activities involving personal data:

305 1. The processing of personal data for purposes of targeted advertising;

306 2. *The sale of personal data;*
307 3. *The processing of personal data for purposes of profiling, where such profiling presents a*
308 *reasonably foreseeable risk of (i) unfair or deceptive treatment of, or unlawful disparate impact on,*
309 *consumers; (ii) financial, physical, or reputational injury to consumers; (iii) a physical or other*
310 *intrusion upon the solitude or seclusion, or the private affairs or concerns, of consumers, where such*
311 *intrusion would be offensive to a reasonable person; or (iv) other substantial injury to consumers;*
312 4. *The processing of sensitive data; and*
313 5. *Any processing activities involving personal data that present a heightened risk of harm to*
314 *consumers.*
315 *B. Data protection assessments conducted pursuant to subsection A shall identify and weigh the*
316 *benefits that may flow, directly and indirectly, from the processing to the controller, the consumer, other*
317 *stakeholders, and the public against the potential risks to the rights of the consumer associated with*
318 *such processing, as mitigated by safeguards that can be employed by the controller to reduce such risks.*
319 *The use of de-identified data and the reasonable expectations of consumers, as well as the context of the*
320 *processing and the relationship between the controller and the consumer whose personal data will be*
321 *processed, shall be factored into this assessment by the controller.*
322 *C. The Attorney General may request, pursuant to an investigative civil demand, that a controller*
323 *disclose any data protection assessment that is relevant to an investigation conducted by the Attorney*
324 *General, and the controller shall make the data protection assessment available to the Attorney General.*
325 *The Attorney General may evaluate the data protection assessment for compliance with the*
326 *responsibilities set forth in § 59.1-574. Data protection assessments shall be confidential and exempt*
327 *from public inspection and copying under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).*
328 *The disclosure of a data protection assessment pursuant to a request from the Attorney General shall*
329 *not constitute a waiver of attorney-client privilege or work product protection with respect to the*
330 *assessment and any information contained in the assessment.*
331 *D. A single data protection assessment may address a comparable set of processing operations that*
332 *include similar activities.*
333 *E. Data protection assessments conducted by a controller for the purpose of compliance with other*
334 *laws or regulations may comply under this section if the assessments have a reasonably comparable*
335 *scope and effect.*
336 *F. Data protection assessment requirements shall apply to processing activities created or generated*
337 *after January 1, 2023, and are not retroactive.*
338 **§ 59.1-577. Processing de-identified data; exemptions.**
339 *A. The controller in possession of de-identified data shall:*
340 1. *Take reasonable measures to ensure that the data cannot be associated with a natural person;*
341 2. *Publicly commit to maintaining and using de-identified data without attempting to re-identify the*
342 *data; and*
343 3. *Contractually obligate any recipients of the de-identified data to comply with all provisions of this*
344 *chapter.*
345 *B. Nothing in this chapter shall be construed to require a controller or processor to (i) re-identify*
346 *de-identified data or pseudonymous data or (ii) maintain data in identifiable form, or collect, obtain,*
347 *retain, or access any data or technology, in order to be capable of associating an authenticated*
348 *consumer request with personal data.*
349 *C. Nothing in this chapter shall be construed to require a controller or processor to comply with an*
350 *authenticated consumer rights request, pursuant to § 59.1-573, if all of the following are true:*
351 1. *The controller is not reasonably capable of associating the request with the personal data or it*
352 *would be unreasonably burdensome for the controller to associate the request with the personal data;*
353 2. *The controller does not use the personal data to recognize or respond to the specific consumer*
354 *who is the subject of the personal data, or associate the personal data with other personal data about*
355 *the same specific consumer; and*
356 3. *The controller does not sell the personal data to any third party or otherwise voluntarily disclose*
357 *the personal data to any third party other than a processor, except as otherwise permitted in this*
358 *section.*
359 *D. The consumer rights contained in subdivisions A 1 through 4 of § 59.1-573 and § 59.1-574 shall*
360 *not apply to pseudonymous data in cases where the controller is able to demonstrate any information*
361 *necessary to identify the consumer is kept separately and is subject to effective technical and*
362 *organizational controls that prevent the controller from accessing such information.*
363 *E. A controller that discloses pseudonymous data or de-identified data shall exercise reasonable*
364 *oversight to monitor compliance with any contractual commitments to which the pseudonymous data or*
365 *de-identified data is subject and shall take appropriate steps to address any breaches of those*
366 *contractual commitments.*
367 **§ 59.1-578. Limitations.**

368 A. Nothing in this chapter shall be construed to restrict a controller's or processor's ability to:
369 1. Comply with federal, state, or local laws, rules, or regulations;
370 2. Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by
371 federal, state, local, or other governmental authorities;
372 3. Cooperate with law-enforcement agencies concerning conduct or activity that the controller or
373 processor reasonably and in good faith believes may violate federal, state, or local laws, rules, or
374 regulations;
375 4. Investigate, establish, exercise, prepare for, or defend legal claims;
376 5. Provide a product or service specifically requested by a consumer, perform a contract to which
377 the consumer is a party, including fulfilling the terms of a written warranty, or take steps at the request
378 of the consumer prior to entering into a contract;
379 6. Take immediate steps to protect an interest that is essential for the life or physical safety of the
380 consumer or of another natural person, and where the processing cannot be manifestly based on
381 another legal basis;
382 7. Prevent, detect, protect against, or respond to security incidents, identity theft, fraud, harassment,
383 malicious or deceptive activities, or any illegal activity; preserve the integrity or security of systems; or
384 investigate, report, or prosecute those responsible for any such action;
385 8. Engage in public or peer-reviewed scientific or statistical research in the public interest that
386 adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an
387 institutional review board, or similar independent oversight entities that determine: (i) if the deletion of
388 the information is likely to provide substantial benefits that do not exclusively accrue to the controller;
389 (ii) the expected benefits of the research outweigh the privacy risks; and (iii) if the controller has
390 implemented reasonable safeguards to mitigate privacy risks associated with research, including any
391 risks associated with reidentification; or
392 9. Assist another controller, processor, or third party with any of the obligations under this
393 subsection.

394 B. The obligations imposed on controllers or processors under this chapter shall not restrict a
395 controller's or processor's ability to collect, use, or retain data to:
396 1. Conduct internal research to develop, improve, or repair products, services, or technology;
397 2. Effectuate a product recall;
398 3. Identify and repair technical errors that impair existing or intended functionality; or
399 4. Perform internal operations that are reasonably aligned with the expectations of the consumer or
400 reasonably anticipated based on the consumer's existing relationship with the controller or are otherwise
401 compatible with processing data in furtherance of the provision of a product or service specifically
402 requested by a consumer or the performance of a contract to which the consumer is a party.

403 C. The obligations imposed on controllers or processors under this chapter shall not apply where
404 compliance by the controller or processor with this chapter would violate an evidentiary privilege under
405 the laws of the Commonwealth. Nothing in this chapter shall be construed to prevent a controller or
406 processor from providing personal data concerning a consumer to a person covered by an evidentiary
407 privilege under the laws of the Commonwealth as part of a privileged communication.

408 D. A controller or processor that discloses personal data to a third-party controller or processor, in
409 compliance with the requirements of this chapter, is not in violation of this chapter if the third-party
410 controller or processor that receives and processes such personal data is in violation of this chapter,
411 provided that, at the time of disclosing the personal data, the disclosing controller or processor did not
412 have actual knowledge that the recipient intended to commit a violation. A third-party controller or
413 processor receiving personal data from a controller or processor in compliance with the requirements of
414 this chapter is likewise not in violation of this chapter for the transgressions of the controller or
415 processor from which it receives such personal data.

416 E. Nothing in this chapter shall be construed as an obligation imposed on controllers and processors
417 that adversely affects the rights or freedoms of any persons, such as exercising the right of free speech
418 pursuant to the First Amendment to the United States Constitution, or applies to the processing of
419 personal data by a person in the course of a purely personal or household activity.

420 F. Personal data processed by a controller pursuant to this section shall not be processed for any
421 purpose other than those expressly listed in this section unless otherwise allowed by this chapter.
422 Personal data processed by a controller pursuant to this section may be processed to the extent that
423 such processing is:
424 1. Reasonably necessary and proportionate to the purposes listed in this section; and
425 2. Adequate, relevant, and limited to what is necessary in relation to the specific purposes listed in
426 this section. Personal data collected, used, or retained pursuant to subsection B shall, where applicable,
427 take into account the nature and purpose or purposes of such collection, use, or retention. Such data
428 shall be subject to reasonable administrative, technical, and physical measures to protect the

429 confidentiality, integrity, and accessibility of the personal data and to reduce reasonably foreseeable
430 risks of harm to consumers relating to such collection, use, or retention of personal data.

431 G. If a controller processes personal data pursuant to an exemption in this section, the controller
432 bears the burden of demonstrating that such processing qualifies for the exemption and complies with
433 the requirements in subsection F.

434 H. Processing personal data for the purposes expressly identified in subdivisions A 1 through 9 shall
435 not solely make an entity a controller with respect to such processing.

436 **§ 59.1-579. Violations of chapter; civil penalty.**

437 A. The Attorney General shall have exclusive authority to enforce violations of this chapter.

438 B. Prior to initiating any action under this chapter, the Attorney General shall provide a controller
439 or processor 30 days' written notice identifying the specific provisions of this chapter the Attorney
440 General, on behalf of a consumer, alleges have been or are being violated. If within the 30 days the
441 controller or processor cures the noticed violation and provides the Attorney General an express written
442 statement that the alleged violations have been cured and that no further violations shall occur, no
443 action for statutory damages shall be initiated against the controller or processor.

444 If a controller or processor continues to violate this chapter in breach of an express written
445 statement provided to the consumer under this section, the Attorney General may initiate an action and
446 seek damages for up to \$7,500 for each violation under this chapter.

447 C. Nothing in this chapter shall be construed as providing the basis for, or be subject to, a private
448 right of action to violations of this chapter or under any other law.

449 **§ 59.1-580. Enforcement; civil penalty.**

450 A. The Attorney General retains exclusive authority to enforce this chapter by bringing an action in
451 the name of the Commonwealth, or on behalf of persons residing in the Commonwealth. The Attorney
452 General may issue a civil investigative demand to any controller or processor believed to be engaged in,
453 or about to engage in, any violation of this chapter. The provisions of § 59.1-9.10 shall apply to civil
454 investigative demands issued under this section.

455 B. Any controller or processor that violates this chapter is subject to an injunction and liable for a
456 civil penalty of not more than \$7,500 for each violation.

457 C. The Attorney General may recover reasonable expenses incurred in investigating and preparing
458 the case, including attorney fees, of any action initiated under this chapter.

459 **§ 59.1-581. Consumer Privacy Fund.**

460 There is hereby created in the state treasury a special nonreverting fund to be known as the
461 Consumer Privacy Fund. The Fund shall be established on the books of the Comptroller. All civil
462 penalties collected pursuant to this chapter shall be paid into the state treasury and credited to the
463 Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any
464 moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert
465 to the general fund but shall remain in the Fund. Moneys in the Fund shall be used to support the work
466 of the Office of the Attorney General to enforce the provisions of this chapter, subject to appropriation.

467 [~~2. That in this act shall be construed to authorize a locality to enact any law regarding the
468 controlling or processing of personal data.~~

469 ~~3. 2.] That any reference to federal law or statute in this act shall be deemed to include any
470 accompanying rules or regulations or exemptions thereto. Further, this enactment is declaratory of
471 existing law.~~

472 [~~4. 3.] That the provisions of this act shall become effective on January 1, 2023.~~
